M-A Robotics Team Contact and Medical Information Form

Parents and students, the robotics team needs to be able to contact you in case of an emergency during a team meeting or build session, and for team communications and event coordination. Remember that safety is our top priority and that this information is purely a precautionary measure. All medical information provided will be kept confidential. The student/parent contact information is compiled into a password protected roster on the website, and phone numbers will be included in a wallet-sized contact card distributed to all team members. Please check here if you **do not** want your contact info included:
